

## Preparing for Your Interview Experience

Thank you for your participation in our JA Virtual Career Speaker Series! We are so glad to have you. Below is helpful information and pointers to help you be as prepared as possible for your experience. [Click here](#) for a video to guide you through the experience.

### Interview Questions

These are the types of questions we will be asking during your interview experience. Have additional information you want to share? Feel free!

- What do you do to earn a living and why did you choose that career?
- Describe your position and basic job duties at the company or organization that you work for.
- What education, training or certification did you have to obtain for your career? Do you use these skills on a daily basis?
- What skills or qualities do you find most important to being successful at your job?
- How has your work ethic affected you in your job or over your whole career?
- What do you enjoy most about your career?
- What kinds of problems do you need to solve? How do you make your decisions?
- Do you work with a team? If so, how do you all work together in order to be successful?
- Why is your job important to you? Why is your job important to your company or organization?
- Is there anything unique to consider if students want to enter my career field?
- What advice would you give to someone who was interested in pursuing a career similar to yours?
